

Broad River Greenway  
P.O. Box 1015  
Boiling Springs, NC 28017

## OUR MISSION

The Broad River flows from the Blue Ridge Mountains and empties into the Atlantic tidewaters. For the Native Americans, it was a pathway from the foothills to the sea. The meandering course and mild currents made travel along the Broad relatively easy. Today the river is imperative to our natural ecosystem.

In 1994, citizens of Cleveland County galvanized into action to preserve our part of the Broad River. With a unique public/private partnership, we now manage 1500 acres of land along 3 miles of river frontage deeded to Cleveland County and the Town of Boiling Springs
